MODERN SLAVERY STATEMENT

A) ORGANISATION

This statement applies to Catch Up (referred to in this statement as ‘the Organisation’). The information included in the statement refers to the financial year 2021-2022.

Catch Up is a not-for-profit UK registered charity (1072425) and Office of the Scottish Charity Regulator (OSCR) registered charity (SC047557). Catch Up is based in Thetford, Norfolk and provides training and resources to schools and other educational establishments. This is delivered in Regional Training Centres and schools as required and takes place throughout the year and is not seasonal.

The labour supplied to Catch Up in pursuance of its operation is carried across the United Kingdom and the Republic of Ireland. We do occasionally have trainers travelling to other countries.

B) DEFINITIONS

The Organisation considers that modern slavery encompasses:

- Human trafficking
- Forced work, through mental or physical threat
- Being owned or controlled by an employer through mental or physical abuse of the threat of abuse
- Being dehumanised, treated as a commodity, or being bought or sold as property
- Being physically constrained or to have restriction placed on freedom of movement.

C) COMMITMENT

The Organisation acknowledges its responsibilities in relation to tackling modern slavery and commits to complying with the provisions in the Modern Slavery Act 2015. The Organisation understands that this requires an ongoing review of both its internal practices in relation to its labour force and, additionally, its supply chains.

The Organisation does not enter into business with any other organisation, in the United Kingdom or abroad, which knowingly supports or is found to involve itself in slavery, servitude and forced or compulsory labour.

No labour provided to the Organisation in the pursuance of the provision of its own services is obtained by means of slavery or human trafficking. The Organisation strictly adheres to the minimum standards required in relation to its responsibilities under relevant employment legislation United Kingdom or abroad and exceeds those minimums in relation to its employees.

D) SUPPLY CHAINS

In order to fulfil its activities, the Organisation’s main supply chains include those related to the production and printing of PowerPoint based and published materials to support training sessions. This involves Catch Up being a first-tier supplier with further contractual relationships with lower-tier suppliers.

E) POTENTIAL EXPOSURE

Catch Up considers its main exposure to the risk of slavery and human trafficking to exist where training and resources are provided outside the United Kingdom and Republic of Ireland since they may involve the provision of labour in a country where protection against breaches of human rights may be limited.

In general, given the nature of the services that it provides and the way that it delivers them, Catch Up considers its exposure to slavery/human trafficking to be relatively limited.
F) STEPS
The Organisation carries out due diligence processes in relation to ensuring slavery and/or human trafficking does not take place in its organisation or supply chains, including conducting a review of the controls of its suppliers.

The Organisation has not, to its knowledge, conducted any business with another organisation which has been found to have involved itself with modern slavery.

In accordance with section 54(4) of the Modern Slavery Act 2015, the Organisation will regularly take the following to ensure that modern slavery is not taking place:

- Review our supplier contracts to include termination powers in the event that the supplier is, or is suspected, to be involved in modern slavery.
